

YAYASAN KHAZANAH

- **Supporting our goal of enhancing Malaysia's global competitiveness, Yayasan Khazanah (YK) identifies, supports and nurtures top local talents with the potential to assume leadership positions in the corporate or government sectors.**

Through the full scholarships that YK provides, talents have been provided with the opportunity to study in leading universities across the United States, the United Kingdom, Australia, China and Malaysia. YK also provides talents with financial support to pursue other avenues of growth such as student exchange programmes, international conferences and self-development programmes, while facilitating guidance and mentorship through a network of learning coaches and corporate leaders.

Upon returning from their university studies, scholars are bonded to affiliated organisations across Malaysia — including GLCs, GLICs and government agencies — helping to drive the nation's development agenda in settings where they can make a telling impact. At this stage and throughout their career, they remain part of a virtual alumni network, through which they can expand their professional network and access insights that will support their continued development.

Under the Bestari Study Grant Programme, YK collaborates with the Ministry of Education (MOE) and Majlis Amanah Rakyat (MARA) in providing selected secondary school students with monthly stipends.

In 2022, YK sponsored:

- 1 Number of scholarships awarded in **2022: 115**

45 Global

65 Watan

5 Lestari

- 2 Number of Bestari Study Grants awarded in **2022: 200**
